

TRANSPORTATION TO SCHOOL – SPONSORED ACTIVITIES

545

Transportation to all activities scheduled away from the student's school will be provided by the district. All student participants are required to ride the bus to and from these scheduled events.

If a student participant wishes to ride to or from a scheduled event with his/her parent/guardian, arrangements must be made by the parent/guardian with the coach/advisor or building principal in writing. Extenuating circumstances must be established by a parent/guardian to permit a student participant to travel to an away event with his/her parent/guardian. The request to travel with the parent/guardian to an away event must be submitted in writing a day prior to the activity and must contain a statement of the extenuating circumstances for the request. The request must be approved by the building principal or his/her designee.

Parents/guardians may allow their son or daughter to ride to or from a scheduled event with another parent/guardian only upon complying with the terms and conditions set forth above, including the showing of extenuating circumstances for transportation to or from a scheduled event. Both the requesting parent/guardian and the transporting parent/guardian must present a written request for permission to allow the transportation to the building principal or coach/advisor at least one day prior to the activity.
